Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Visits the credit card application website - Reads eligibility criteria - Starts filling the application form	- Enters personal and financial details - Uploads required documents - Submits the application	- Views prediction result - Checks approval/rejection status - Takes the next step
Touchpoint <i>What part of the service do they interact with?</i>	- Credit Card Approval Website - Home Page - Application Form	- Application Form - ML Prediction System - Validation Process	- Result Page - Prediction Output - Notification Screen

Customer Thought <i>What is the customer thinking?</i>	• Am I eligible for a credit card? • What documents do I need?	• Will my application be approved? • Did I enter everything correctly?	• I hope my application is approved. • Why was it rejected?
	• Is this application secure?	• How long will it take?	• What should I improve?
Customer Feeling <i>What is the customer feeling?</i>	Curious, Hopeful, Interested	Slightly Anxious, Expectant, Confident	Happy (if approved) or Disappointed (if rejected)
Process Ownership <i>Who is in the lead on this?</i>	Customer	Customer & ML Prediction System	ML Prediction System
Opportunities <i>How can we improve this stage?</i>	• Clear eligibility guidelines • Simple application form • User-friendly interface	• Instant input validation • Fast prediction • Helpful error messages	• Explain prediction result • Suggest improvements for rejected applications • Better user guidance
