Project Name	Credit Card Approval Prediction System
Maximum Marks	1 Mark

Communication Plan:

Effective communication played an important role throughout the development of the **Credit Card Approval Prediction System**. Regular discussions were conducted to review project progress, resolve implementation issues, validate machine learning results, and prepare documentation. Communication between team members ensured timely completion of each project milestone.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Discussion	Daily	WhatsApp	Team Members	Discuss daily tasks and progress
2	Progress Review	Weekly	WhatsApp	Team Members	Review milestone completion
3	Bug Fix Discussion	As Needed	WhatsApp	Team Members	Resolve coding and model issues
4	Documentation Review	Weekly	Google Docs	Team Members	Verify reports and documentation
5	Final Demonstration Meeting	Once	WhatsApp	Team Members	Prepare for project demonstration

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Model prediction inconsistencies during testing	Re-trained the Random Forest model and validated performance using test data.
2	Integration issues between Flask and frontend	Verified routing, corrected templates, and tested application flow.
3	Time management during documentation	Divided documentation tasks among milestones and completed them through regular discussions.
